## PLEASE READ

This information is to ensure that you have a clear understanding of the qualifications of your Driving Instructor who is training or assessing you for your licence.

### INSTRUCTOR ENDORSEMENTS

#### COLOURS

#### Instructor Authorisation

- **Yellow Endorsement** Conduct Competency Based Training and Assessment
- **Red Endorsement** Conduct Vehicle on Road Tests

All Motor Driving Instructors must display their Instructor's Licence when either training or assessing trainees. The Instructor's Licence is for your benefit and may be marked with a coloured endorsement. It is in your interest to check that the instructor is appropriately qualified to perform the service you require.

#### WITHOUT A COLOURED ENDORSEMENT

A Motor Driving Instructor who has an Instructor's Licence **WITHOUT** a Yellow or Red coloured endorsement can only train trainees in the class of driver's licence that the Instructor holds. As an instructor they do not hold any examiner authorisation; therefore, they **CANNOT** sign off any Task in the Competency Based Training and Assessment course or conduct any Vehicle on Road Tests (VORT). These Instructors cannot train trainees who are exempted from the Heavy Vehicle Graduated Driver Licensing Scheme, by undertaking the Training In Lieu of Experience (TILE) program. The only Instructors that can conduct training and assessments on TILE students must hold the HC Authorisation and display their Instructor's Licence with a yellow endorsement.

#### WITH A YELLOW AUTHORISED EXAMINER ENDORSEMENT

A Motor Driving Instructor who has an Instructor's Licence with a Yellow coloured endorsement can train and assess trainees in tasks for the Competency Based Training and Assessment course for the particular classes of licence stated. These Instructors have qualified by passing an Authorised Examiner Course conducted by the South Australian Department of Planning, Transport and Infrastructure.

#### WITH A RED AUTHORISED EXAMINER ENDORSEMENT

A Motor Driving Instructor who has an Instructor's Licence with a Red coloured endorsement is authorised to conduct Vehicle on Road Tests (VORT) for the particular classes of licence stated. These Instructors have qualified by passing the Authorised Examiner Course conducted by the South Australian Department of Planning, Transport and Infrastructure.

## **ABOUT THIS TRAINEE GUIDE**

This 'Guide' is your property; it must be given to your Instructor at the beginning of each driving lesson and should be returned to you at the end of each session. Assessments will not be conducted without this 'Trainee Guide'.

The information in this 'Guide' is to give you an understanding of the driving requirements of each Task that you will have to demonstrate to a required standard.

Each task has requirements to be achieved before your Instructor can sign it off. Your Instructor will explain these requirements at the beginning of each new task for which you are being trained and assessed.

This 'Trainee Guide' will be a record of the tasks you have achieved and also the amount of hours taken. At any time during the training, you must produce it, on request, to an **Assessment Officer** from the Department of Planning, Transport and Infrastructure (DPTI).

Occasionally, an **Assessment Officer** may ride with you during a training and assessment session with your Accredited Instructor. These Auditors are looking at how your Instructor is training and assessing your driving. This ensures that any training and assessments being applied by your Instructor, meets the Government Standards required for licensing. These Auditors will not become involved in your training or interfere with the result of any assessment conducted by your Instructor.

Once you have completed your training and all the tasks have been signed off, the Accredited Instructor will issue you with a 'Certificate of Competency'. Upon presentation of the certificate and the appropriate I.D. at a Service SA, Customer Service Centre, your driver's licence will be upgraded.

**The examiner must remove the summary sheet and all assessment records that are in the Trainee Guide and retain them for a minimum of 24 months.**

You may retain the remainder of the Trainee Guide.

### **Enquiries and complaints**

If your enquiry or complaint involves the standard of training or the assessment of tasks in the CBT&A course, please forward your complaint in writing to: [dpti.licensingbookings@sa.gov.au](mailto:dpti.licensingbookings@sa.gov.au)

All sections of this course including the Theory session and Exam, practical training and assessments and the Final Drive must be completed within a period of twelve months from starting the course.

### **Notes for the Accredited Instructor:**

1. This 'Trainee Guide' must be issued to the trainee before any 'Competency Based Training or Assessments' may commence.
2. The tasks in this 'Trainee Guide' must be signed off by the Accredited Instructor during, or at the end of, each session. **This 'Trainee Guide' must reflect the current status of the standard of competency that the trainee has achieved for any task.**
3. **RECOGNITION OF CURRENT COMPETENCIES (RCC)** if used, will only affect the driver training, **not** the assessment procedure.

No part of this document may be reproduced or transmitted in any form or by any means for any purpose without the express written permission from DPTI.

# THE SYSTEM OF VEHICLE CONTROL

## Definition

A system or drill, each action of which is to be considered, in sequence, by the driver when approaching and negotiating any hazard.

## HAZARD

## Definition

A hazard may be any physical feature (such as traffic lights, roundabouts, intersections, bends or crests) or any potentially dangerous traffic situation developing ahead.

I.e. anything which will either cause you or has the potential to cause you to change speed or direction.

## FEATURE OF THE SYSTEM

### THE APPROACH

| NAME                   | OBJECT   |
|------------------------|--|
| 1. Course Selected     | To determine the course to be taken to negotiate the hazard.                                       |
| 2. Mirrors/ and signal | To check for following traffic and overtaking traffic and to signal intention to other road users. |
| 3. Brake               | To reduce speed to a <b>safe rate of approach</b> to arrive at the hazard                          |

**Note:** Brakes should **not** be released until a **clear view** into the hazard has been obtained.

### DECISION POINT – STOP OR GO?

#### DECISION TO GO

|  |   |
|--|---|
| 4. Gears and Mirror (s)<br>(Look all around) | To select an appropriate gear for flexible control and to check for following and overtaking traffic and blind spots. |
| 5. Evasive Action                            | To take evasive action if necessary e.g. Horn warning. This is a very rare occurrence.                                |
| 6. Normal<br>Acceleration                    | To leave the hazard safely having regard to the <b>road surface</b> and <b>traffic conditions</b> .                   |

If all features are considered in sequence correctly, evasive action should not be required, care should be taken under acceleration to eliminate the risk of skidding.

# **VEHICLES AND LOADS REQUIRED FOR CBT&A**

2. Entering and leaving a restricted speed zone (road works, school zone / crossing).
3. Approaching and leaving a Stop or Give Way sign.

A gear changing event must be assessed on the approach and the exit of an event until normal speed is attained. This will be classified as one Gear Changing Event.

### **NOTE:**

- A gear changing event must only be assessed at a place where, in the opinion of the Assessor, a gear change or changes are necessary.
- **Using the splitter only must not** be recorded as changing gears when assessing a gear changing event.

## **Hills and Open Road Drive**

Before the commencement of the drive the student must be informed that, throughout the drive, the appropriate gear changes must be made to negotiate the various gradients and bends.

The Instructor **must terminate the Hills Drive if:**

- The student decides to select only one or two gears throughout the drive and it is obvious to the Instructor that other gears should be used.
- The student brings the vehicle to a stop, caused by, failing to change gears when necessary or fails to recover a missed gear, impeding or embarrassing other road users.
- The student brings the vehicle to a stop more than once, caused by, failing to change gears when necessary or fails to recover a missed gear.
